The Barbara Grice Memorial Spay and Neuter Clinic uses qualified staffing and approved materials for all procedures performed. It is important for you to understand that the risk of injury or death, although extremely low, is always present. *Today's pre-anesthetic exam will be limited to confirming that your pet is in the lower risk category for anesthesia and/or surgery.* We recommend preanesthetic blood work be completed by your pet's veterinarian prior to admission.

## **Please initial (X) spots indicated below to consent to surgery**

I, acting as owner or agent of the pet named above, hereby requests and authorizes Barbara Grice Spay and Neuter Clinic, through whomever veterinarians they may designate, to perform an operation for SPAY or NEUTER of the animal named plus the additional service(s) selected on the history form.

I understand that anesthesia, surgery, vaccination and other therapeutic or diagnostic procedures may involve risk of complication, injury, or even death, from both known and unknown causes. I understand that all surgeries present certain risks, but some conditions increase surgical risk, including, but not limited to, age, obesity, pregnancy, heartworm and tick-borne diseases, and in cats, Feline Immunodeficiency Virus (FIV) and/or Feline Leukemia.

I certify that my animal is in good health, is a good surgical candidate and I accept the risks associated with today's surgery.

I either certify that my animal is current on his/her vaccinations, waive my right to protect my animal by having it vaccinated prior to hospitalization, or request recommended vaccinations TODAY. I understand that it takes up to two weeks for vaccinations to protect my animal from infectious disease.

I understand the risks of failing to maintain current vaccinations and understand that my pet may be exposed to animals which are carrying infectious diseases. Our Clinic HIGHLY RECOMMENDS full vaccination prior to admission.

I understand that if my animal is pregnant, the pregnancy will be terminated during surgery.

I understand that if my animal has fleas, it will be treated with Capstar, at an additional cost of \$5 per pet.

I understand that if my animal has a REDUCIBLE hernia repair (that is determined to be medical necessary to be repaired by the veterinarian) it will be repaired for an additional \$15 to \$30 charge.

I understand that if my animal is pregnant, over/under weight, or 6 years of age or older they are REQUIRED to have IV fluids during time of surgery (administered at a cost of \$15 per animal).

I understand that my animal will receive a small tattoo on his/her underside to show that he/she has had spay/neuter surgery.

I understand that this facility does not board pets. I understand that if I do not retrieve my pet by 5:30 pm today, I will be charged a boarding fee of no less than \$20 per night that my animal is left behind.

**\*\*\*No animals are released prior to their designated pickup time. Dogs at 4:00PM and Cats at 5:00PM.\*\*\***

I hereby release the Barbara Grice Spay and Neuter Clinic, all veterinarians, assistants, volunteers, directors, and employees from any and all claims arising out of or connected with the performance of this procedure or any adverse complications. I agree that I have not and will not claim any right of compensation or punitive damages from all named herein. Owner/ agent hereby agrees to indemnify and hold Barbara Grice Memorial Spay and Neuter Clinic and/or the Pensacola Humane Society, Inc. harmless for any damages caused during the surgery, or for any damages caused by any unforeseeable events including fire, vandalism, burglary, extreme weather, natural disasters or acts of God. Further, by signing below, you give permission to have your animal photographed and posted on Facebook or any website managed by PHS or this Clinic.
